STRENGTH

According to the statements received by the Comptroller of the Currency, the deposits have increased \$39,000,000.00 since January 13, 1914. This shows that the National Banks in particular are in splendid shape to enter the new Federal Reserve System. In the face of so much talk of depression of business, this is very interesting information, and makes clear the strength of the National Banks, the institutions of SECUR-ITY and SERVICE to the country. Give yourself this unexcelled protection, which is received by the depositors of
